

Alaa Husain

Operations Manager

Alaa is an accomplished professional with over 17 years of extensive experience in management, administration, customer service, compliance and banking operations.

She began her career with Gulf Air and Zain Telecommunications before transitioning to the manufacturing sector, where she worked closely with directors and high-value clients, managing key operations and facilitating seamless communication and coordination. She then moved to the banking sector, where she started her banking career with JS Bank in Bahrain. She has managed key banking operations, including financial transfers, account opening, and payment processing for individual and corporate clients globally. With expertise in compliance, she ensured adherence to legal standards while maintaining efficient transaction management and accurate financial reporting. Her expertise encompasses customer service, staff training, and operational efficiencies. Throughout her career, she has consistently demonstrated the ability to collaborate with senior management and effectively engage with high net worth clients.

Alaa holds a BSc degree in Management Information Systems from Ahlia University, Bahrain, and has completed professional trainings in banking and finance compliance practices at the Bahrain Institute of Banking and Finance.
